At Wildwood Ranch, we want to provide opportunities for campers to form and foster lasting friendships. Through the increased participation in these group games and experiential learning, your child will receive a more well-rounded summer camp experience while still gaining the enjoyment and thrill of the many activities Wildwood Ranch has to offer!

Every group of children is staffed by our trained, competent & caring staff who care about each child. We exceed the minimum staff to camper ratio in each group and generally seek to keep our group sizes small (our COVID-19 protocols dictate 10-12 campers per group); with 2 adults per group at all times.

Early & After care is available each day for an additional cost of \$10 per hour per child beginning as early as 7AM with after care no later 6 PM.

Horsin' Around: —This is a specialized week of camp only available on certain weeks. Do you love horses? Then come on out and spend a week with ours! Your child will learn beginning horsemanship, learn the basics of tack, grooming, and western style riding. Each day, campers will spend 1/2 of their day working with our wrangler staff and interacting with our horses.

Subject to availability, our area vet will also join us to speak to the campers about horse care and health. By the end of the week, we apologize if your child wants to take home a horse! When not at the barn, campers will enjoy Wildwood's quality program activities
